

Prosumer Healthcare Outcomes:

Fully applied:

PH System provides improved health & care at reduced costs:

- 75% of chronic/acute issues addressed without trip to clinicians
- 60% reduction in hospital and ER visits, etc.
- Better adherence to care plans & thus health goals
- Reduction in time spent of health issues
- 40% reduction in healthcare costs
- Overall, better access, quality, safety, engagement, health, care & cost outcomes

Makes sense!

Prevention and management always preferable to long delayed treatment for acute/chronic issues
