

Chronic conditions key driver US healthcare costs

[CDC](#) > [National Center for Chronic Disease Prevention and Health Promotion](#) > [About Chronic Diseases](#) > [Health and Economic Costs of Chronic Diseases](#)

Health and Economic Costs of Chronic Diseases

90% of the nation's \$3.3 trillion in annual health care expenditures are for people with chronic and mental health conditions.^{1,2}

Chronic diseases have significant health and economic costs in the United States. [Preventing chronic diseases](#), or managing symptoms when prevention is not possible, can reduce these costs.
